Bachelor of Computer Science / Bachelor of Science

1 Definitions

In these rules—

**BCompSc major** means a major as defined in the BCompSc rules;

**BSc dual major** means a dual major as defined in the BSc rules;

**BSc extended major** means an extended major as defined in the BSc rules;

**BSc major** means a major as defined in the BSc rules.

2 Field of study

(1) A student may undertake the BCompSc component of the dual program in an approved major.

(2) A student must undertake the BSc component of the dual program in an approved major or dual major or extended major.

(3) A student may not undertake a BSc with—

(a) a major in computer science; or

(b) an extended major in computer science; or

(c) a dual major in computational science and computer science.

3 Program requirements

(1) To complete the program, a student must complete 64 units, comprising—

(a) 36 units from the BCompSc course list, comprising—

(i) 22 units from part A, excluding STAT2203; and

(ii) 2 units for STAT2003; and

(iii) 12 units for either—

(A) 6 units from part B and 6 units from part C; or

(B) 12 units for a BCompSc major; and

(b) 28 units from the BSc course list, comprising—

(i) 6 units from part A; and

(ii) 14 units from part B; and

(iii) 8 units from part A or part B or a combination of both.

(2) Unless a different intention appears in these rules, a student must comply with the program rules for both degrees.

4 Concurrent enrolment

A student must maintain concurrent enrolment in both constituent degree programs.

*Note* The dual degree is a single program of study leading to the simultaneous award of two degrees. A student is not permitted to graduate with one degree and continue enrolment in the program.

5 Special rules

5.1 Courses in both course lists

(1) Where a course is compulsory in one component of the dual program but not the other, then it must be counted towards the component in which it is compulsory.

(2) Where a course is compulsory in both a selected BSc field and a selected BCompSc major then it must be credited towards the BSc field and substituted in the BCompSc major by a course at the same level or higher from the combination of parts B and C of the BCompSc course list.
