Bachelor of Engineering (Honours) / Bachelor of Computer Science (BE(Hons)/BCompSc)

1 Definitions
In these rules—

BCompSc major means a prescribed combination of 16 units from the BCompSc section of the BE(Hons)/BCompSc course list;

BE(Hons) core courses means those courses listed in the core courses section of the BE(Hons) section of the BE(Hons)/BCompSc course list;

BE(Hons) major means a prescribed combination of 16 units from the BE(Hons) section of the BE(Hons)/BCompSc course list;

BE(Hons) specialisation means a prescribed combination of 36 units from the BE(Hons) section of the BE(Hons)/BCompSc course list.

2 Program requirements
(1) To complete the program, a student must complete 88 units from the BE(Hons)/BCompSc course list, comprising—

(a) 60 units for the BE(Hons) component, comprising—

(i) 8 units for BE(Hons) core courses; and

(ii) 52 units for either—

(A) 36 units for a BE(Hons) specialisation other than Software Engineering and 16 units for a BE(Hons) major, or

(B) 36 units for a BE(Hons) specialisation other than Software Engineering and 16 units from specified BE(Hons) electives relevant to the specialisation; and

(b) 28 units from the BCompSc component, comprising—

(i) 12 units for compulsory courses (excluding CSSE1001, STAT1201 and STAT1301); and

(ii) 16 units for either—

(A) a BCompSc major, or

(B) no major, comprising –

a. 2 units for Computer Science Extension Course, and

b. 8 units from Computer Science Introductory Electives; and

c. 6 units from Computer Science Advanced Electives.

(2) Unless a different intention appears in these rules, a student must comply with the program rules for both constituent degrees.

3 Special rules
3.1 Courses in both course lists
(1) Where a course is compulsory in both the BE(Hons) and BCompSc components of the dual program, it must be counted towards the BE(Hons) component of the dual program.

(2) Where a course is compulsory in one component of the dual program but not the other, it must be counted towards the component in which it is compulsory.
(3) Where there is a choice as to which courses count towards each component of the dual program, the highest graded courses will count towards the BE(Hons) and the balance towards the BCompSc.

3.2 Course substitutions

(1) A student undertaking a BE(Hons) specialisation in which CSSE2010 is a compulsory course, must complete 2 units from the BE(Hons) or BCompSc course list towards the BCompSc in place of CSSE2010.

(2) A student undertaking a BE(Hons) major in which COMP3506 and CSSE2002 are compulsory courses, must complete 4 units from the BE(Hons) or BCompSc course list towards the BCompSc in place of COMP3506 and CSSE2002.

(3) A student undertaking a BCompSc major in which MATH1051 or MATH1071 are compulsory courses must complete 2 units from the BE(Hons) or BCompSc course list towards the BCompSc in place of MATH1051 or MATH1071.
