

Bachelor of Mathematics / Bachelor of Economics

1 Definition

In these rules—

approved combination means a combination of courses that is approved by the executive dean.

BEcon major means an approved combination of 12 units from Group 2 of the BEcon course list, of which 6 units are at level 3.

BMath major means an approved combination of 16 units from part B of the BMath course list.

late year course means a course at level 3 or higher.

program means the Bachelor of Mathematics/Bachelor of Economics dual degree program.

2 Field of study

A student may undertake the BMath part of the dual program in an approved major.

3 Program requirements

- (1) To complete the program, a student must complete 64 units, comprising—
 - (a) 32 units from the BEcon course list, comprising—
 - (i) 18 units from Group 1 (not including ECON1050 or ECON1310); and(ii) either—
 - (A) a BEcon major and 2 units from Group 3; or
 - (B) 14 units from Group 3 with no more than 4 units of non-ECON coded courses; and
 - (b) 32 units from the BMath course list, comprising—
 - (i) 14 units from Part A;
 - (ii) 14 units from Part B or Part C, or a combination of both; and
 - (iii) 4 units from the BMath course list, or Part A or Part B of the BSc course list; or courses approved by the executive dean.
- (2) For rule 3(1)(a)(ii), no more than 6 units of level 1 courses may be counted and a student must complete at least 8 units of level 3 courses.
- (3) For rule 3(1)(b), a student must complete 8 units for late year courses from Part A or Part B of the BMath course list or a combination of both.
- (4) Unless a different intention appears in these rules a student must comply with the program rules for both degrees.

4 Transitional

A pre-2018 student may choose to complete the program under the rules in force on 31 December 2017, rather than under the current rules.
