Master of Data Science (24 units)

1 Enrolment requirements
   To enrol in the program, a person must—
   (a) hold an approved degree in the same discipline with significant studies in mathematics,
       statistics and computing; and
   (b) satisfy the executive dean, that based on their academic record, they are suitably
       qualified for admission.

2 Program requirements
   To complete the 24-unit program, a student must complete 24 units in accordance with the
   MDataSc program course list.
   Note: a separate set of rules apply to students enrolled in the Master of Data Science (32 units) program.

3 Maximum credit for other study
   The maximum credit that an associate dean (academic) may grant to a student for previous
   study is 8 units.
   Note see PPL 3.50.03 Credit for Previous Studies and Recognised Prior Learning

4 Special rules
   4.1 Award of the Graduate Certificate in Data Science
   A student who withdraws from the program after completing a combination of 8 units from
   part A and part B of the MDataSc course list (with at least 4 units of DATA coded courses,
   including DATA7001) may be awarded a Graduate Certificate in Data Science.
