

Master of Physiotherapy Studies (MPhtySt)

1 Enrolment requirements

1.1 Eligibility

- (1) To be considered for enrolment, a person must—
 - (a) hold an approved degree, and
 - (b) have completed the following prerequisite studies, within the period 10 years prior to the proposed commencement date, at bachelor level or at a level approved by the head of school with a passing grade—
 - (i) 2 units or equivalent in human anatomy, and
 - (ii) 2 units or equivalent in human physiology.
- (2) For the purpose of subrule (1)(a), a person whose most recently completed approved degree was awarded more than 10 years prior to program commencement will not be considered unless the person, within the last 10 years, has completed—
 - (a) a postgraduate program, or
 - (b) at least one semester of other approved tertiary study.

1.2 Selection

- (1) Once eligibility is established, entry is via a competitive selection process based on GPA.
- (2) If a person has final semester grades pending, the grades will not be included in the selection process.

2 Program requirements

To complete the program, a student must complete 40 units from the MPhtySt list.

3 Special rules

3.1 Continuous enrolment

A student must undertake the program without interruption, unless the head of school gives the student approval to do otherwise.

3.2 Progression through program

The head of school may approve a student's enrolment in an elective course in an earlier year of the program.

3.3 Mode of study

A student must enrol in the program full-time, unless—

- (a) the student is required to enrol part-time in order to meet the requirements of rule 3.2, or
- (b) the executive dean gives the student approval to enrol part-time because of special circumstances.

3.4 First aid certificate

From the start of the program, a student must hold and keep current a first aid and CPR certificate.

3.5 Blue card

At the start of the program, a student must obtain a blue card and thereafter hold a current blue card for the duration of the program.

3.6 Immunisation schedule

- (1) Before commencing a course in which, in the opinion of the executive dean, the student may be at risk of contracting or passing on a blood-borne transmissible virus or other disease, the student must complete a schedule of immunisations approved by the executive dean.
- (2) The requirement under subrule (1) may be waived only if—
 - (a) the student provides evidence of his or her status with respect to immunity against blood-borne transmissible viruses or other diseases prescribed in the schedule, or
 - (b) approved by the executive dean.
