

Bachelor of Business Management/ Bachelor of Commerce 2018 Dual Program Structure

It is important that you read and understand the following information.

To be eligible to enrol in a dual degree program you must ensure that you satisfy the entry requirements for both programs.

Once enrolled it is your responsibility to ensure that you complete all the requirements for each section of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal. Further information can be found in the Official rules and Course lists under the **Program Rules and Requirements** link for each program in the Courses and Programs website:

<https://my.uq.edu.au/programs-courses/>

You may have to swap courses in the plan to allow you to finish with your desired major/s - please check prerequisites and semester offerings at <https://my.uq.edu.au/programs-courses/>. You are not required to submit this program plan for approval. However, if you have any questions or concerns about meeting degree requirements, especially when you are nearing the end of your program, please contact the BEL Faculty for advice.

Please note: *If you choose to graduate early with one component of a dual degree, you must complete the single degree requirements of that component. Should you wish to complete the other component of the original dual degree, you will then be required to follow that single degree rules and **maximum credit rules** will apply.*
