Bachelor of Economics/Bachelor of Science 2018 Dual Degree Program Structure

It is important that you read and understand the following information.

To be eligible to enrol in a dual degree program you must ensure that you satisfy the entry requirements for both programs.

Once enrolled it is your responsibility to ensure that you complete all the requirements for each section of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal. Further information can be found in the Official Rules and Course lists under the **Program Rules and Requirements** link for each program in the Programs and Courses website:

https://my.uq.edu.au/programs-courses/

You may need to amend this plan depending on your choice of major. You are not required to submit this program plan for approval. However, if you have any questions or concerns about meeting program requirements, especially when you are nearing the end of your program, please contact the relevant Faculty for advice.

<u>Please note:</u> Students exiting early with one component of a dual degree must complete the single degree requirements of that component. Students will then be required to follow the single degree rules to complete the remaining component from that dual degree.

PROGRAM GUIDELINES

• You must complete a total of 68 units for the program.

Bachelor of Economics Section Requirements:

- 36 units from the BEcon List including -
 - 22 units of compulsory courses from Group 1; and
 - 14 units (with no more than 6 units from level 1 courses and at least 8 units at level 3) for either:
 - one major in Group 2 (6 units must be at level 3) and 2 units from Group 3; or
 - elective courses from Group 3.

Bachelor of Science Section Requirements (BSc):

- 32 units from Part A and B of the BSc list including:
 - 6 units from Part A (Level 1 courses) including SCIE1000;
 - 14 units from Part B; and
 - 12 units from Part A or Part B or a combination of both.
- ❖ Students must complete a minimum of 12 units of late year courses.
- Students must complete either one major (6 units Level 2 and 8 units Late Year) or an extended major (10 units Level 2 and 12 units Late year).
- Recommended study plans for each major can be found at: https://planner.science.uq.edu.au/content/bachelor-of-science
- Please contact the Faculty of Science on (07) 3365 1888 for more information.

NB "Late year" courses means a course at Level 3 or higher

^{*}As students must complete ECON1310 towards the BEcon component, you will be exempt from completing STAT1201 towards the BSc component, and will be required to complete a 2 unit Part A or B course from the BSc course list in its place.

When this program is studied at a standard load of 4 courses per semester, the final semester will comprise part-time study of only two courses. Students may decide to overload in some semesters or undertake study in a summer semester to reduce the total duration of the program.

A major in BEcon requires careful planning; please contact your Student Experience Officer in the BEL Faculty for assistance if required.

^{**}ECON1050 is incompatible with MATH1050 and/or MATH1051. If you are required to take MATH1050 or MATH1051 for the BSc, an exemption will apply for ECON1050. If you are exempt from ECON1050 you are required to take a 2 unit ECON course from Group 3 of the BEcon course list as a replacement.
