

Bachelor of Engineering (Honours)/ Bachelor of Business Management 2020 Dual Degree Program Structure

It is important that you read and understand the following information.

To be eligible to enrol in a dual degree program you must ensure that you satisfy the entry requirements for both programs.

Once enrolled it is your responsibility to ensure that you complete all the requirements for each section of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal. Further information can be found in the Official rules and program lists under the **Program Rules and Requirements** link for each program in the Programs and Courses website: <https://my.uq.edu.au/programs-courses/>

You may need to amend this plan depending on your choice of major. You are not required to submit this program plan for approval. However, if you have any questions or concerns about meeting degree requirements, especially when you are nearing the end of your program, please contact the relevant Faculty for advice.

Please note: Students exiting early with one component of a dual degree must complete the single degree requirements of that component. Students will then be required to follow the single degree rules to complete the remaining component from that dual degree.

PROGRAM GUIDELINES

You must complete a total of 88 units for the program.

Restrictions apply to enrolment in ECON1050, ECON1310, STAT1201, STAT1301. Details of specific course restrictions are available at: <http://www.eait.uq.edu.au/be-dual-programs> and <https://www.eait.uq.edu.au/bachelor-engineering-electives>

Bachelor of Engineering (Hons) Requirements:

- ❖ 56 units from the BE(Hons) List including -
 - (i) a BE(Hons) major in the chosen field; and
 - (ii) the balance from BE(Hons) electives or other courses approved by the executive dean
- ❖ A student must undertake the BE(Hons) component of the dual program in an approved field.
- ❖ Students must complete no more than 4 units of Level 1 non-engineering courses (i.e. courses not listed on the BE(Hons) course list).
- ❖ BE(Hons) students should discuss their enrolment plan with an academic adviser. The list of academic advisers is available at: <https://www.eait.uq.edu.au/dual-program-academic-advice>

Bachelor of Business Management Requirements:

- ❖ 32 units from the BBusMan List comprising –
 - (i) 18 units of compulsory courses from Part A; and
 - (ii) 12 units from one major in Part B (at least 6 units must be from level 3 courses); and
 - (iii) 2 units from Part B or C.

Note:

- A) In constructing a course plan, students should pay particular attention to BE(Hons)/BBusMan Rule 4.1
- B) Depending on your BE(Hons) major which is usually selected after first year, will determine the BE(Hons) study plan structure. Please contact the First Year Engineering Advisor (yr1eng@uq.edu.au) for advice.
