

Important Information

It is your responsibility to ensure that you complete all the requirements for each component of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal.

Program Requirements

The Program Rules outline the requirements to complete the dual program and should be read in conjunction with the course list for each component of the dual program. The program rules are available on UQ's Programs and Courses website for the program, under 'Program Requirements', and the course lists under 'Component Degrees'.

Program Guidelines

Bachelor of Science component:

- Students must complete at least one major or extended major.
- Students must complete at least 10 units of courses at level 3 or higher.
- Study planners for the Bachelor of Science plans.

Bachelor of Laws (Honours) component:

- You must successfully complete all Part A courses and 12 units of LAWS electives from Part B of the LLB(Hons) course list.

Exiting Early

Students exiting early with one component of a dual degree must complete the single degree requirements of that component. Students will then be required to follow the single degree rules to complete the remaining component from that dual degree.

Require Further Assistance?

If you require assistance planning your program or have concerns about meeting program requirements, please contact the relevant Faculty for advice:

For the BSc component of the dual program, students completing a single major + minor will require one of the following due to amount of units required:

- Complete a Level 3 (or higher) course towards the minor; or
- Count 2 units towards both the major and minor requirements (excluding Level 3 courses); or
- Only 2 units of prerequisite courses.

Option (a) is displayed in the study planner above.

¹ If chosen BSc major only requires 2 units of Level 1 prerequisite courses, students complete a course from the BSc course list.

² If already completed requirements for BSc minor, must complete a Level 3 course from BSc course list.
