

## Important Information

It is your responsibility to ensure that you complete all the requirements for each component of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal.

### Selecting Plans in mySI-net

A plan is a prescribed combination of courses within a program being either a field of study, major, extended major, specialisation, minor or extended minor.

Ensure the plans for your program are correctly listed in [mySI-net](#). If you require assistance selecting your plan(s), follow these [instructions](#).

You may need to amend this plan depending on your choice of major.

### Exiting Early

Students exiting early with one component of a dual degree must complete the single degree requirements of that component. Students will then be required to follow the single degree rules to complete the remaining component from that dual degree.

### Global Experience

If you are planning on completing an overseas exchange, you may have to amend this plan. Students who would like an exchange experience in their program are encouraged to seek advice early in their program and be aware of the exchange deadlines: <https://employability.uq.edu.au/global-experiences>.

### Require Further Assistance?

If you require assistance planning your program or have concerns about meeting program requirements, contact the relevant Faculty for advice:

Program	Faculty	Contact Information
Bachelor of Computer Science	EAIT Faculty	<a href="mailto:enquiries@eait.uq.edu.au">enquiries@eait.uq.edu.au</a>
Bachelor of Laws (Honours)	BEL Faculty	<a href="mailto:bel@uq.edu.au">bel@uq.edu.au</a>

## Program Requirements

The Program Rules outline the requirements to complete the dual program and should be read in conjunction with the course list for each component of the dual program. The program rules are available on [UQ's Programs and Courses](#) website for the program.

You must complete a total of 80 units for the program.

### Bachelor of Computer Science (BCompSc) component:

- 32 units from the BCompSc List comprising –
  - 16 units for all BCompSc Core Courses, and
  - 16 units for BCompSc Plan Options.

BCompSc students should discuss their enrolment plan with an academic adviser. A list of academic advisers is available at: <https://itee.uq.edu.au/current-students/academic-advice/bachelor-computer-science>.

### Bachelor of Laws (Honours) (LLB(Hons)) component:

- 48 units from the LLB(Hons) List comprising –
  - 36 units for all LLB(Hons) Core Courses, and
  - 12 units LLB(Hons) Flexible Core Courses.
