Important Information

It is your responsibility to ensure that you complete all the requirements for each component of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal.

Selecting Plans in mySI-net

A plan is a prescribed combination of courses within a program being either a field of study, major, extended major, specialisation, minor or extended minor.

Ensure the plans for your program are correctly listed in [mySI-net](#). If you require assistance selecting your plan(s), follow these [instructions](#).

You may need to amend this study planner depending on the plan(s) that you have chosen to study.

Exiting Early

Students exiting early with one component of a dual program must complete the single program requirements of that component. Students will then be required to follow the single program requirements to complete the remaining component from that dual program.

Program Requirements

You must complete a total of 64 units for the program.

Bachelor of Business Management Requirements:

- 32 units from BBusMan List including–
 - 16 units for all BBusMan Core Courses; and
 - 16 units for all BBusMan Business Economics Major Courses

Bachelor of Education (Secondary) Requirements:

- 32 units from the BEd(Sec) List, comprising:
 - 16 units for all BEd(Sec) Core Courses
 - 8 units for all BEd(Sec) Professional Year Core Courses
 - 8 units from BEd(Sec) Professional Year Curriculum Studies Courses

The BEd(Sec) Core teaches issues pertinent to teaching and schooling and is completed in conjunction with the requirements of the BBusMan degree.

The Program Requirements outline the requirements to complete the dual program and should be read in conjunction with the course list for each component of the dual program. Please refer to the [program and course requirements](#) for more information.

Program Guidelines

This planner is intended as a guide only and is based on current scheduling of courses. Students should note that scheduling can change from year to year. You are advised to check the scheduling for the current year and contact the relevant faculty for advice if course scheduling has changed.

The Bachelor of Business Management/Bachelor of Education (Secondary) dual program consists of two parts. The Bachelor of Business Management (BBusMan) provides the content knowledge for two curriculum areas offered in schools, whilst the Bachelor of Education (Secondary) (BEd(Sec)) provides the skills, knowledge and practical experience required for teaching.

The core courses of the BBusMan prepare students for teaching areas in Business (junior high school) and Business Organisation Management – BOM (senior high school). BBusMan/BEd(Sec) students must choose the BBusMan major Business Economics to meet the prerequisites of a second teaching area – Economics (senior high school).
