

Bachelor of Commerce/ Bachelor of Economics 2023 Dual Program Structure

It is important that you read and understand the following information.

To be eligible to enrol in a dual degree program you must ensure that you satisfy the entry requirements for both programs.

Once enrolled it is your responsibility to ensure that you complete all the requirements for each section of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal. Further information can be found in the program requirements and course lists under the **Program Rules and Requirements** link for each program in the Programs and Courses website:

https://my.uq.edu.au/programs-courses/program.html?acad_prog=2338

You may have to swap courses in the plan to allow you to finish with your desired major/s - please check prerequisites and semester offerings at <https://my.uq.edu.au/programs-courses/>. You are not required to submit this program plan for approval. However, if you have any questions or concerns about meeting degree requirements, especially when you are nearing the end of your program, please [contact the BEL Faculty](#) for advice.

Please note: Students exiting early with one component of a dual program must complete the single program requirements of that component. Students will then be required to follow the single program requirements to complete the remaining component from that dual program and maximum credit rules will apply.

PROGRAM GUIDELINES

You must complete 64 units, comprising –

- 28 units for all BCom/BEcon Core Courses; and
