

## **Important Information**

It is your responsibility to ensure that you complete all the requirements for each component of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal.

### **Program Requirements**

The program requirements outline what students must complete for the dual program and should be read in conjunction with the course list for each component of the dual program. The program requirements are available on <u>UQ's Programs</u> and <u>Courses</u> website for the program.

## **Program Guidelines**

#### Bachelor of Information Technology component:

- Students may choose to complete a major or a minor
- BInfTech students should discuss their enrolment plan with an academic adviser. A list of academic advisers is available at: <u>http://www.itee.uq.edu.au/academic-advice</u> and <u>https://www.eait.uq.edu.au/current-</u> <u>students/manage-your-program/academic-advice</u>.

#### Bachelor of Arts component:

- Students must complete 32 units from the BA List (courses listed under BA majors) including either -
  - Two BA Majors of 16 units each; or
  - One BA Extended Major of 24 units and a BA Minor of 8 units.

#### Selecting Plans in mySI-net

A plan is a prescribed combination of courses within a program being either a field of study, major, extended major, specialisation, minor or extended minor.

Ensure the plans for your program are correctly listed in <u>mySI-net</u>. If you require assistance selecting your plan(s), follow these <u>instructions</u>.

#### Course Scheduling

This planner is intended as a guide only and is based on current scheduling of courses. Students should note that scheduling can change from year to year. You are advised to check the scheduling for the current year and contact the relevant Faculty for advice if course scheduling has changed.

#### **Exiting Early**

Students exiting early with one component of a dual program must complete the single program requirements of that component. Students will then be required to follow the single program requirements to complete the remaining component from that dual program.

#### Global Experience

If you are planning on completing an overseas exchange, you may have to amend this plan. Students who would like an exchange experience in their program are encouraged to seek advice early in their program and be aware of the exchange deadlines: <u>https://employability.uq.edu.au/global-experiences.</u>

## **Require Further Assistance?**

If you require assistance planning your program or have concerns about meeting program requirements, contact the relevant Faculty for advice:
