2025 Dual Degree Study Planner
Bachelor of Business Management / Bachelor of Information Technology

THE UNIVERSITY OF QUEENSLAND AUSTRALIA | CREATE CHANGE

Important Information

It is your responsibility to ensure that you complete all the requirements for each component of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal.

Selecting Plans in mySI-net

A plan is a prescribed combination of courses within a program being either a field of study, major, extended major, specialisation, minor or extended minor.

Ensure the plans for your program are correctly listed in mySI-net. If you require assistance selecting your plan(s), follow these instructions.

You may need to amend this plan depending on your choice of major.

Exiting Early

Students exiting early with one component of a dual program must complete the single program requirements of that component. Students will then be required to follow the single program requirements to complete the remaining component from that dual program.

Global Experience

If you are planning on completing an overseas exchange, you may have to amend this plan. Students who would like an exchange experience in their program are encouraged to seek advice from their respective faculties early in their program (for BEL Faculty, contact International Mobility Team on exchange@bel.uq.edu.au and BEL Student Administration Team on bel@uq.edu.au). Please also familiarise yourself with the Academic Considerations for BEL Faculty: https://bel.uq.edu.au/academic-considerations and be aware of the exchange deadlines: https://employability.uq.edu.au/global-experiences

Require Further Assistance?

If you require assistance planning your program or have concerns about meeting program requirements, contact the relevant Faculty for advice:

Program	Faculty	Contact Information
Bachelor of Business Management	BEL Faculty	bel@uq.edu.au
Bachelor of Information Technology	EAIT Faculty	enquiries@eait.uq.edu.au

Program Requirements

The Program Requirements outline the requirements to complete the dual program and should be read in conjunction with the course list for each component of the dual program. Please refer to the program and course requirements for more information.

You must complete 64 units comprising:

Bachelor of Business Management (BBusMan) component:

- 32 units from the BBusMan List including –
    - 16 units for all BBusMan Core Courses; and
    - 16 units for one Major from BBusMan Majors

AND (continue on page 2)

Bachelor of Information Technology (BInfTech) component:

- 32 units from the BInfTech course list, comprising—
  - 16 units for Compulsory courses; and
  - 16 units from either:
    - a BInfTech major; or
    - a BInfTech minor; and
      - 8 units from all Information Technology Extension Electives; or
    - No major comprising –
      - 8 units for all Information Technology Extension courses; and
      - 8 units from Information Technology Discipline Electives with at least 4 units at level 3.

Unless a different intention appears in these rules a student must comply with the program rules for both degrees.

Special Rules

Courses in both course lists

Each course may only count towards one component of the dual program. Where a course is compulsory in one component of the dual program, but not the other, then it must be counted towards the component in which it is compulsory.

DECO1100

Where a student undertakes the Leadership and Management Science major in the BBusMan component of the dual program, DECO1100 must be substituted in that major by a course approved by the BEL Executive Dean.

Business Information Systems major

Where a student undertakes the Business Information Systems major in the BBusMan component of the dual program:

(a)   BISM2207 must be substituted in that major by a course approved by the BEL Executive Dean; and

(b)   BISM3222 must be counted towards that major and cannot be counted towards the BInfTech component of the dual program.

Course Scheduling

This planner is intended as a guide only and is based on current scheduling of courses. Students should note that scheduling can change from year to year. You are advised to check the scheduling for the current year and contact the relevant Faculty for advice if course scheduling has changed.
