CREATE CHANGE

Program Overview

Program Code: 2485

Total Units: 88

Please refer to [BE\(Hons\)/BA](#) for further information on the program.

Important Information

- At UQ we refer to your degree as a program and a subject as a course.
- Most UQ courses have a value of 2 units.
- If you are a full-time student, you will undertake 8 units (usually 4 courses) each semester.
- A course can only count once towards your program requirements

It is your responsibility to make sure you complete the requirements for each component of this dual program so you can graduate with both degrees. You must follow the program requirements, including any additional rules, listed on the [Programs and Courses website](#). This study planner must be used in conjunction with your program requirements.

You need to check the prerequisites, incompatible courses, restrictions and semester offerings for all courses you choose in your study plan. You are advised to check the scheduling for the current year and contact your faculty for planning advice if course scheduling has changed in a future year.

Program Requirements

[Bachelor of Engineering \(Honours\) component](#)

The BE(Hons) program consists of 56 units comprising –

- 8 units for all BE(Hons) Core Courses, and
- 48 units for one Plan Option

Note: No credit will be given for ECON1050, ECON1310, MATH1040, SCIE1000, or SCIE1100. No credit will be given for STAT1201 or STAT1301 for a student completing a BE(Hons) Specialisation in Chemical Engineering, Civil Engineering, or Software Engineering.

[Bachelor of Arts component](#)

The BA program consists of 32 units comprising –

- 32 units for 2 Majors from BA Majors, or
- 32 units for BA Extended Major and BA Minor, and

Additional Rules

Your program has additional rules that you need to read carefully to make sure you meet your program requirements for graduation – please refer to your [program here](#).

Selecting plans in SI-Net

A plan is a prescribed combination of courses within a program being either a major (16 units), extended major (24 units), or minor (8 units). Make sure the plans for your program are correctly listed in [mySI-net](#). If you require assistance selecting your plan(s), follow these [instructions](#).

You may need to change this study planner depending on the plan(s) that you have chosen to study.

Global Experience

If you are planning on completing an overseas exchange, you may have to change this study plan. If you would like an exchange experience in your program, you are encouraged to seek advice early in your program and to be aware of the exchange application deadlines. For more information see the [Global Experiences](#) page.

Changing to a Single Program (Exit Early)

If you have met the requirements of one of the single programs that make up your dual program, or if you have met the early exit criteria (see Additional Rules if applicable), you can choose to exit from your dual program with one degree. Alternatively, if you decide to change your program at any time during your studies, please contact the relevant faculty for advice.

Further Assistance

If you need more help or have any questions, please contact the relevant Faculty for advice:
