Duration: 4 years full time (or part-time equivalent)

Total Units: 64

Commencement: Semester 1 and Semester 2

Entry Requirements: Please refer to [BInfTech/BA](#) future students page

Important Information

- Most UQ courses are usually 2 units in value.
- If you are a full-time student, you will undertake 8 units (usually 4 courses) each semester.
- A course can only count once towards your program requirements

It is your responsibility to ensure that you complete all the requirements for each component of this dual program in order to graduate with both programs. You must follow the program rules and requirements listed on the [Programs and Courses Website](#). This study planner must be used in conjunction with your program course list and program rules.

You need to check the prerequisites, incompatibilities, restrictions and semester offerings for all courses you select in your study plan. You are advised to check the scheduling for the current year and contact your Faculty for advice if course scheduling has changed in a future year.

You may need to amend this study planner depending on the plan(s) that you have chosen to study.

Global Experience

If you are planning on completing an overseas exchange, you may have to amend this study plan. Students who would like an exchange experience in their program are encouraged to seek advice early in their program and be aware of the exchange deadlines. For more information see the [Global Experiences](#) page.

Changing to a Single Program (Exit Early)

Students who have met the requirements of one of the single programs that make up their dual program, or met the early exit criteria (see Additional Rules), can choose to exit early from their dual program with one degree. Alternatively, should you choose to program change at any time during your studies, please contact the relevant Faculty for advice.
