Bachelor of Computer Science / Bachelor of Bachelor of Business Management

Important Information

It is your responsibility to ensure that you complete all the requirements for each component of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal.

Program Requirements

The Program Requirements outline the requirements to complete the dual program and should be read in conjunction with the course list for each component of the dual program. Please refer to the <u>program and course requirements</u> for more information.

You must complete 64 units comprising:

Bachelor of Computer Science (BCompSc) component:

- 32 units from the BCompSc List comprising:
 - o 24 units for all BCompSc Core Courses; and
 - o 2 to 4 units from Computer Science Introductory Elective Courses, and
 - o 4 to 6 units from Computer Science Advanced Elective Courses

Bachelor of Business Management (BBusMan) component:

- 32 units from the BBusMan List comprising:
 - o 16 units for all BBusMan Core Courses; and
 - o 16 units for one Major from BBusMan Majors

Program Guidelines

Bachelor of Computer Science component:

 BCompSc students should discuss their enrolment plan with an academic adviser. A list of academic advisers is available at: https://eecs.uq.edu.au/current-students/academic-advice/bachelor-computer-science

Bachelor of Business Management component:

- · Students must complete a major
- Where a student undertakes the Business Information Systems major in the BBusMan component of the dual program, BISM2207 must be substituted in that major by a course approved by the BEL Executive Dean.

Selecting Plans in mySI-net

A plan is a prescribed combination of courses within a program being either a field of study, major, extended major, specialisation, minor or extended minor.

Ensure the plans for your program are correctly listed in <u>mySI-net</u>. If you require assistance selecting your plan(s), follow these <u>instructions</u>.

Course Scheduling

This planner is intended as a guide only and is based on current scheduling of courses. Students should note that scheduling can change from year to year. You are advised to check the scheduling for the current year and contact the relevant Faculty for advice if course scheduling has changed.

Exiting Early

Students exiting early with one component of a dual program must complete the single program requirements of that component. Students will then be required to follow the single program requirements to complete the remaining component from that dual program.

Bachelor of Computer Science / Bachelor of Bachelor of Business Management

Global Experience

If you are planning on completing an overseas exchange, you may have to amend this plan. Students who would like an exchange experience in their program are encouraged to seek advice from their respective faculties early in their program (for BEL Faculty, contact International Mobility Team on exchange@bel.uq.edu.au and BEL Student Administration Team on bel@uq.edu.au). Please also familiarise yourself with the Academic Considerations for BEL Faculty:

https://bel.uq.edu.au/academic-considerations and be aware of the exchange deadlines:

https://employability.uq.edu.au/global-experiences

Require Further Assistance?

If you require assistance planning your program or have concerns about meeting program requirements, contact the relevant Faculty for advice:
