2026 Dual Program Study Planner
Bachelors of Information Technology / Arts (BInfTech/BA)

THE UNIVERSITY OF QUEENSLAND AUSTRALIA | CREATE CHANGE

Program Overview

Program Code: 2574
Total Units: 64
Please refer to BInfTech/BA for further information on the program.

Important Information

- At UQ we refer to your degree as a program and a subject as a course.
- Most UQ courses have a value of 2 units, however some courses may differ. Please check Programs and Courses for specific course details.
- If you are a full-time student, you will undertake 8 units (usually 4 courses) each semester.
- A course can only count once towards your program requirements.

It is your responsibility to make sure you complete the requirements for each component of this dual program so you can graduate with both programs. You must follow the program requirements, including any additional rules, listed on the Programs and Courses website. This program planner must be used in conjunction with your Program and Course Requirements.

You need to check the prerequisites, incompatible courses, restrictions and semester offerings for all courses you choose in your program plan each semester.

Program Requirements

You must complete a total of 64 units for this program, comprising:

Bachelor of Information Technology (BInfTech) component

Complete 32 units comprising:

- 0 to 2 units from BInfTech Foundation Courses, and
- 22 units for all BInfTech Core Courses, and
- 2 units for all Information Technology Extension Courses, and
- 6 to 8 units from Information Technology Discipline Elective Courses

No credit will be given for MATH1040.

Bachelor of Arts (BA) component

Complete 32 units for either of the following:

- 32 units for 2 Majors from BA Majors, or
- 32 units for BA Extended Major and BA Minor

Additional Rules

Your program has additional rules that you need to read carefully to make sure you meet your program requirements for graduation – please refer to your program information on the Programs and Courses website.

Selecting Plans in SI-Net

A plan is a prescribed combination of courses within a program being either a Major (16 units), Extended Major (24 units), or Minor (8 units). Make sure the plans for your program are correctly listed in mySI-net. If you require assistance selecting your plan(s), follow these instructions.

You may need to amend this program planner depending on the plan(s) that you have chosen to study.

Program Planner Guidelines

This planner is intended as a guide only and is based on current scheduling of courses. Please note that scheduling can change from year to year. You are advised to check the scheduling for the current year and contact the relevant faculty for advice if course scheduling has changed.

Global Experience

If you are planning on completing an overseas exchange, you may have to change this study plan. If you would like an exchange experience in your program, you are encouraged to seek advice early in your program and to be aware of the exchange application deadlines. For more information see the Global Experiences page.

Changing to a Single Program (Exit Early)

If you have met the requirements of one of the single programs that make up your dual program, or if you have met the early exit criteria (see Additional Rules for your program, if applicable), you can choose to exit from your dual program with one program.

If you exit early with one component of a dual program, you must complete the single program requirements of that component. You will then be required to follow the single program requirements to complete the remaining component from that dual program.

If you decide to change your program at any time during your studies, please contact the relevant faculty for advice.
